Dear Mr. Gwaltney:

Once again we wish to thank you for allowing our students from Jubilee to once again be a part of the Rock Mount camping adventure. The campers always return on cloud nine having benefitted from the *chance-of-a-life-time* experiences that you offer. It may be difficult for us to fathom the idea that many of these youth, being products of broken homes, impoverished conditions, and having never ventured from their immediate environments all return with an air of excitement for all that they experienced while camping with you. You offer so much and we are so appreciative that your mission includes Jubilee. It's good to know that we are all in this together, trying to make our bit count. Our mission *to provide programs that address the whole person, build confidence and teamwork skills in a safe, structured environment* is greatly enhanced and made more successful through your inclusion.

Educational and enrichment programs are in greater demand than ever before. Youth come to Jubilee every day for safe, structured and fun activities with focus on academics, health and well-being, occupational as well as personal and civic responsibility. We are now busily engaged in our after-school, mentoring and occupational programs.

The board and staff of Jubilee are committed to building on the success of the past year that was made possible by the caring and sharing spirit of the community. Thank you again for your commitment to Jubilee.

In summation-It has all been a blessing! We look forward to 2016!!!!

Sincerely yours,
